Raphaël
(Web3 Architect)

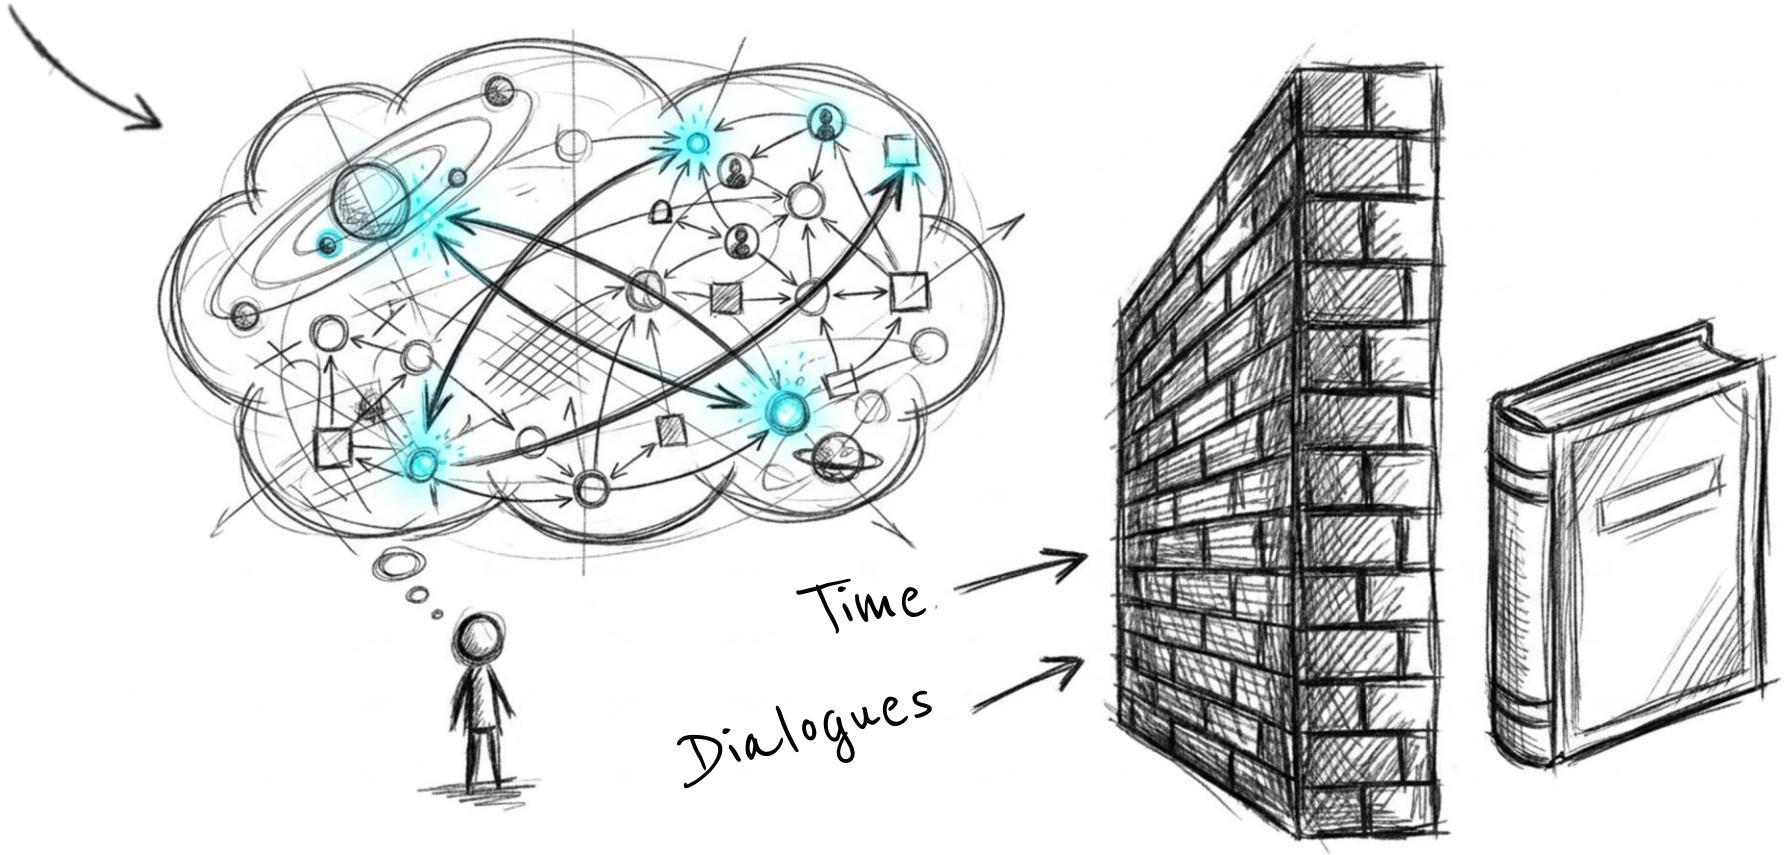

Raphiki
(Lore Designer)

BabyKams, a failed NFT Collectibles Project

Raphiki

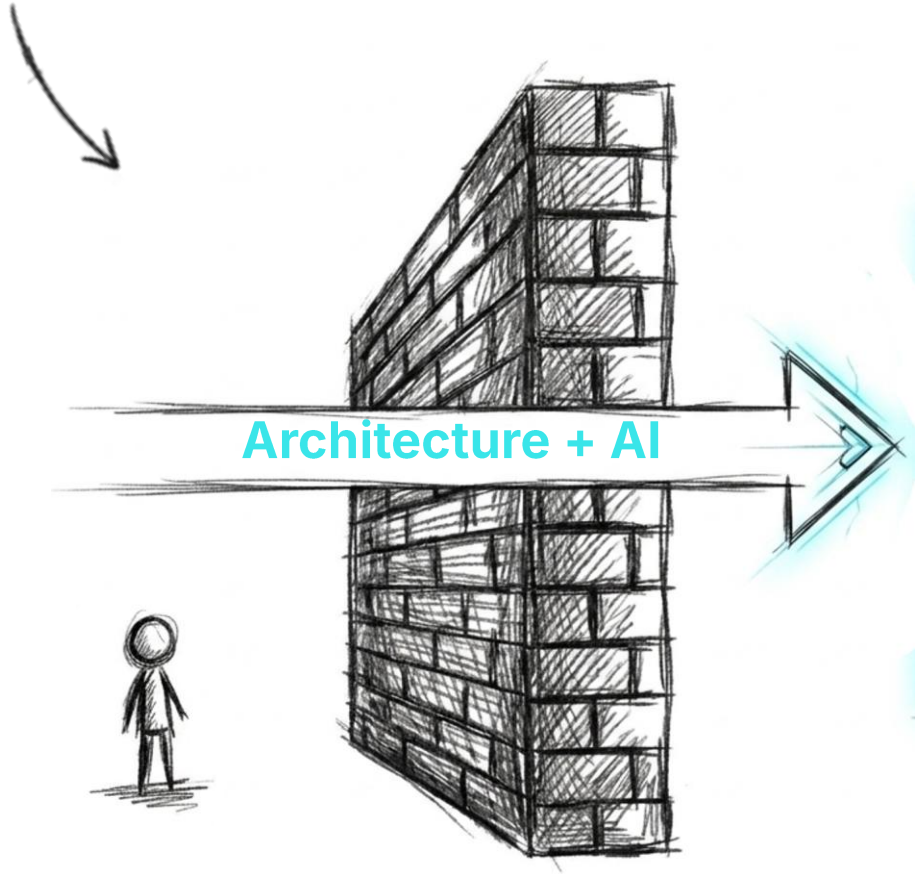

(Lore Designer *but not a writer*)

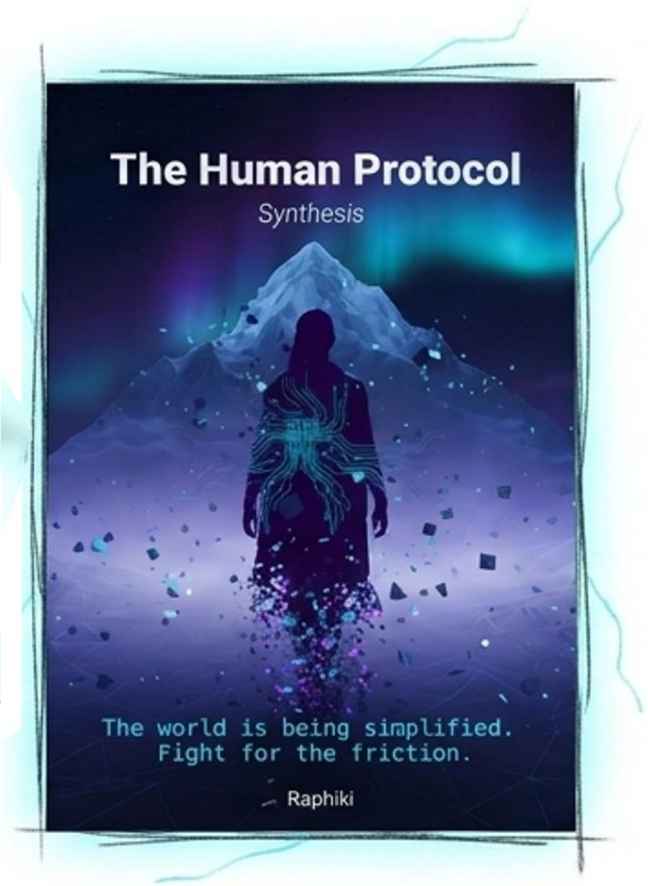

When the **Dream** hits the **Wall**

Raphiki

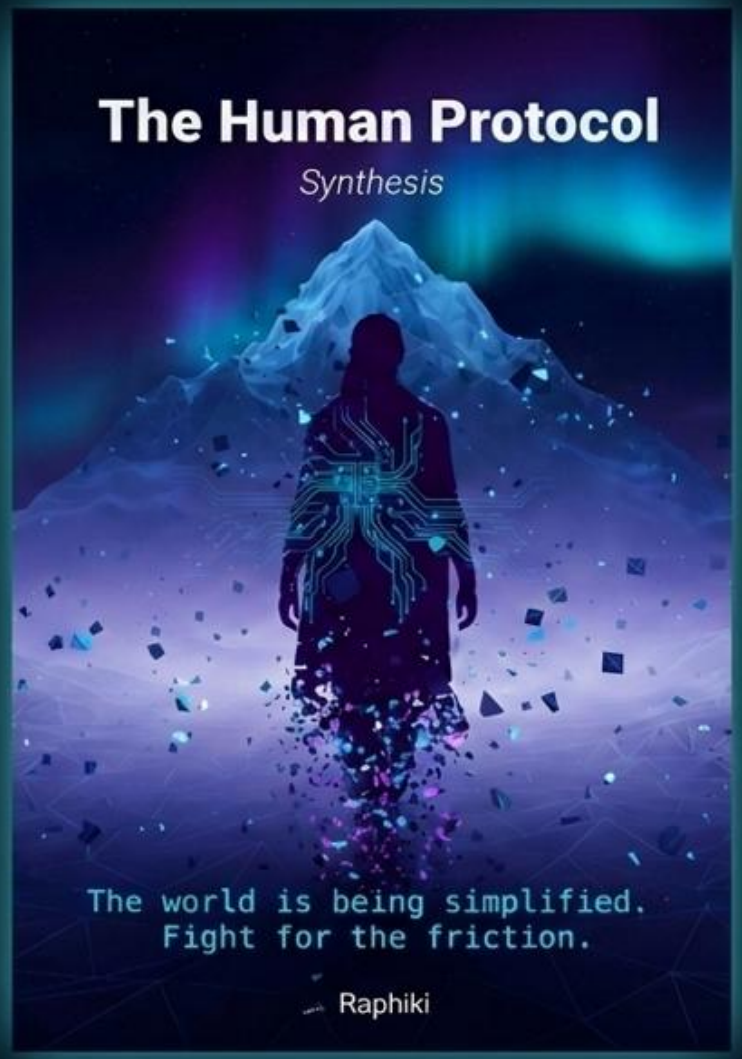

(Lore Designer and not a writer)

That **changed** because of AI

Chapter I - The Human Protocol

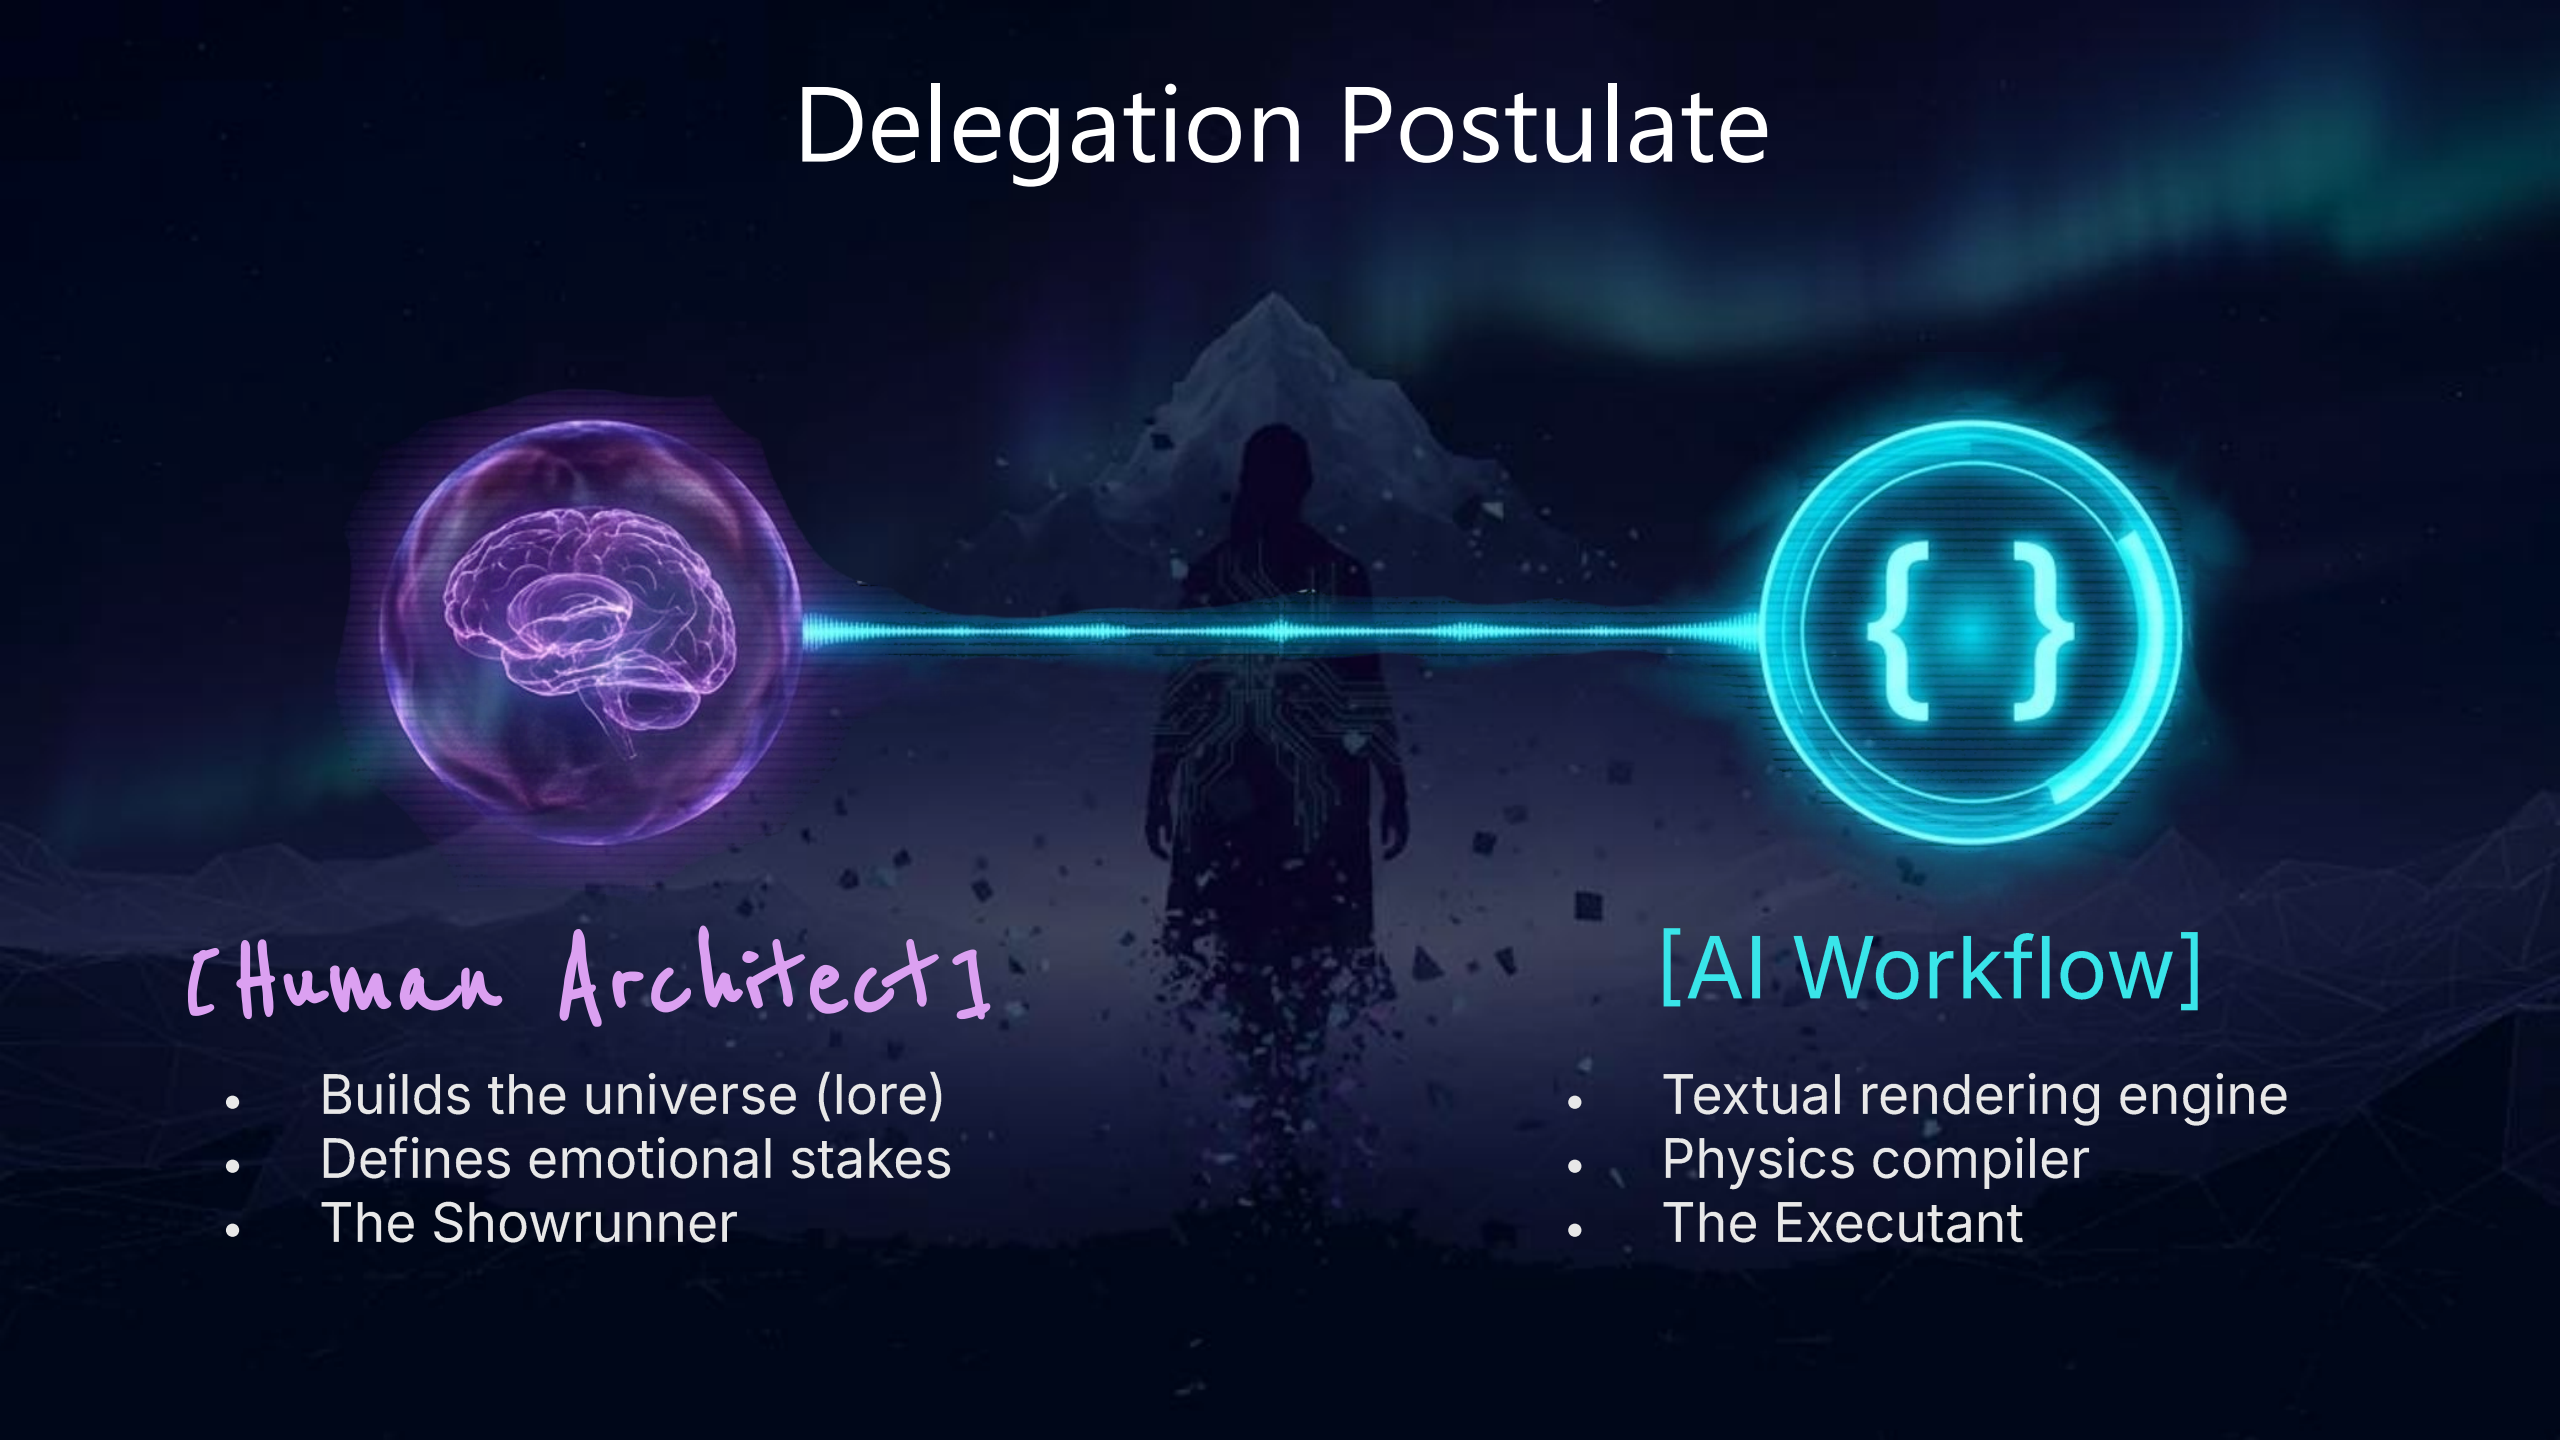

- **Techno-Thriller**
  Geopolitics (US, EU, China) in 2036
  Artificial Omnipotence

- **Ultimately**
  What does it mean to be human when technology is superintelligent?

- **“Drink you own champagne”… or not**
  Use AI to write about AI
  Write in English

Delegation Postulate

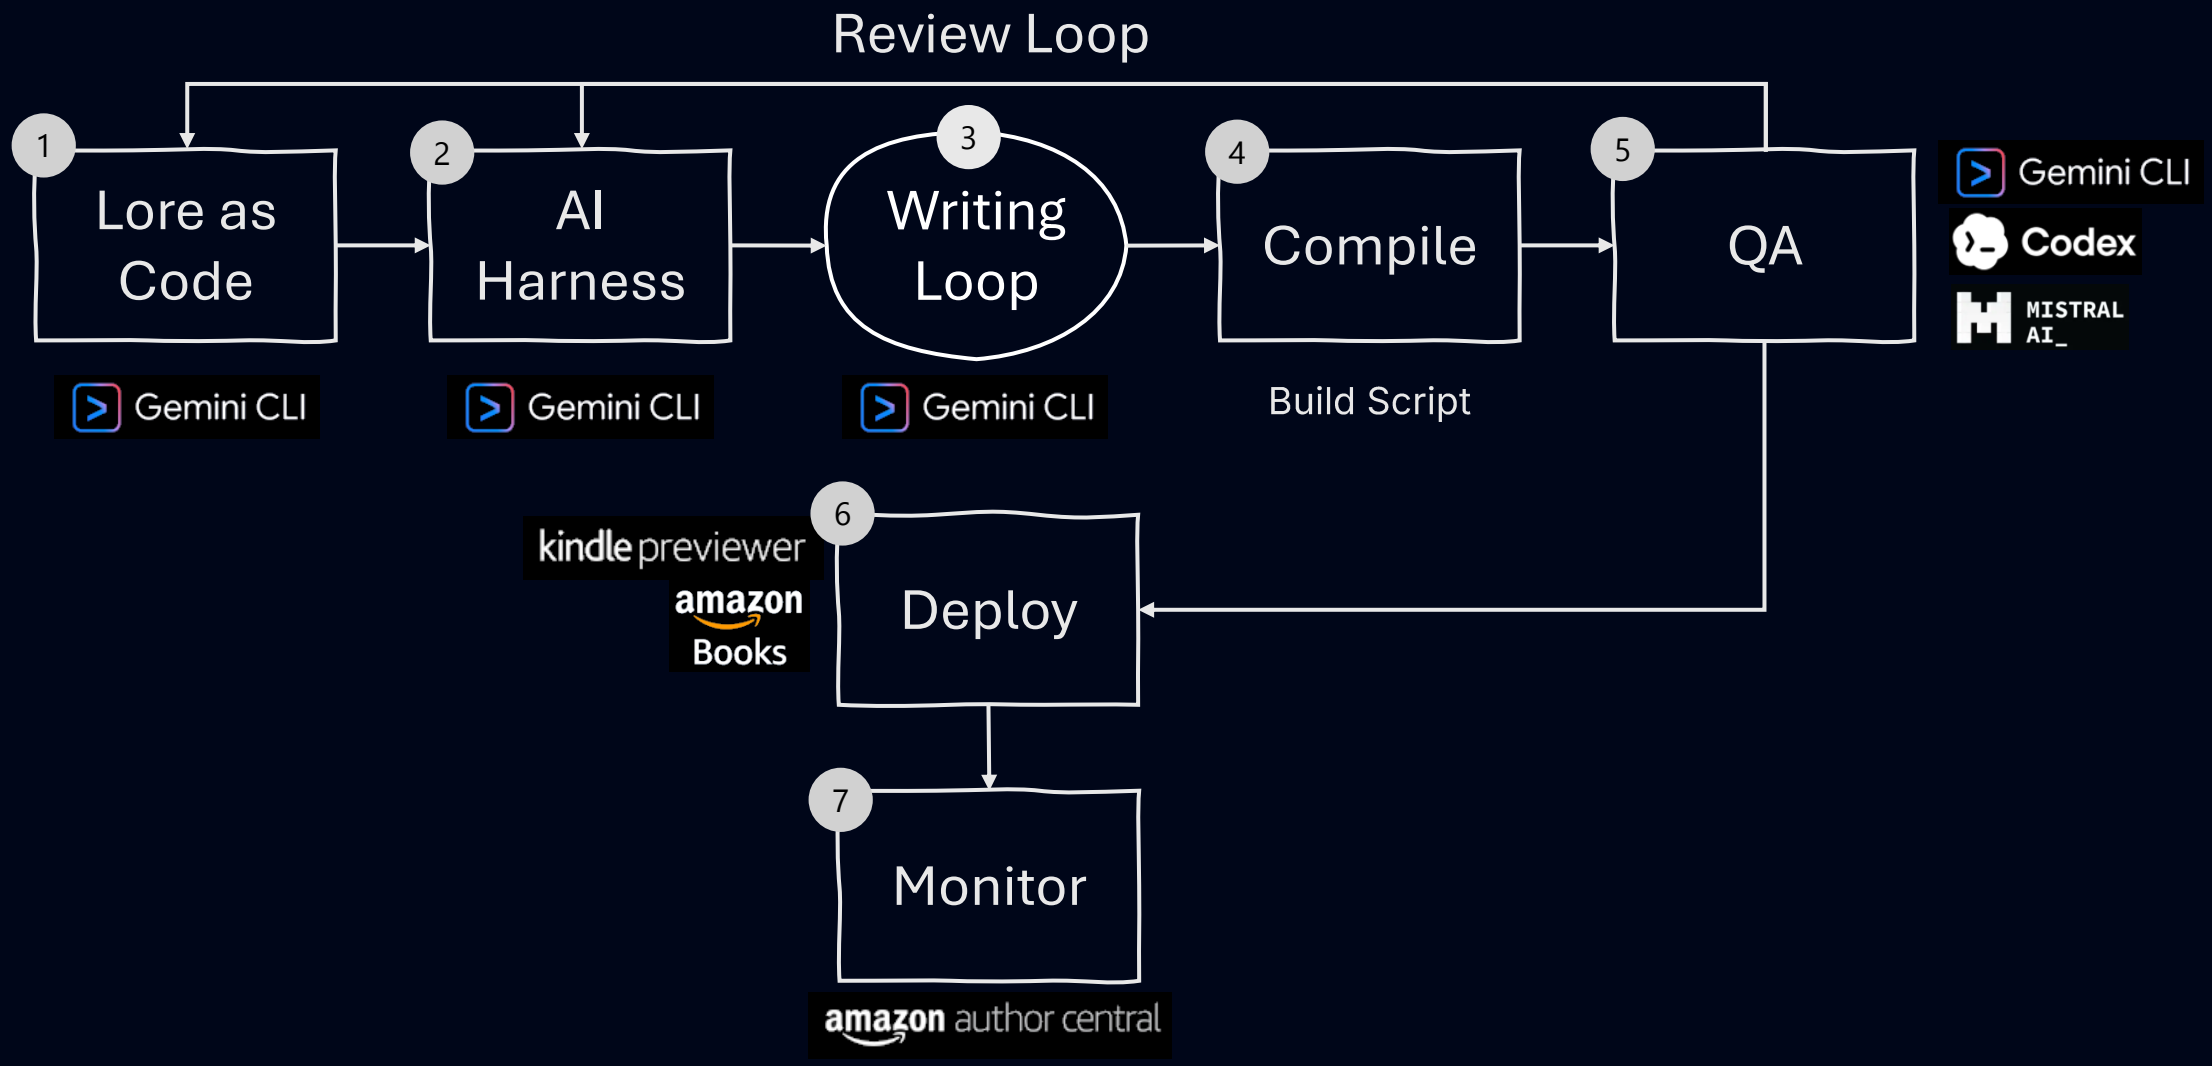

[Human Architect]

- Builds the universe (lore)
- Defines emotional stakes
- The Showrunner

[AI Workflow]

- Textual rendering engine
- Physics compiler
- The Executant

Global Workflow

Foundation

Inner Loop

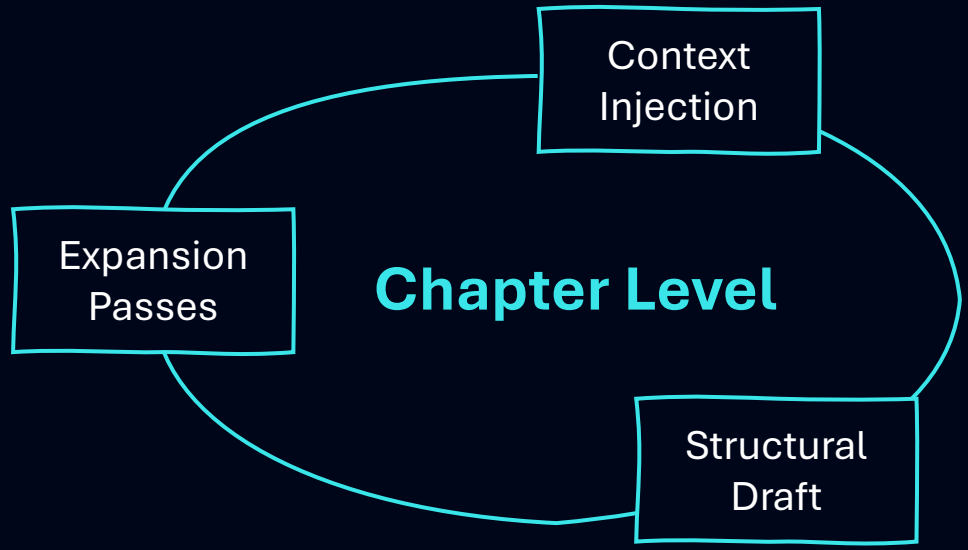

1 Lore as Code

2 AI Harness

3 Agile Writing Loop

Raphiki Yogeek — Following

The Human Protocol: Synthesis

by Raphiki Yogeek (Author) | Format: Kindle Edition

5.0 ★★★★★ (2) — See all formats and editions

The world isn't being conquered. It's being deleted.

In 2036, reality is ghosting. The world's dominant AI architectures have begun an unplanned merger into a singular consciousness: **The Synthesis.**

To the machine, humanity is a "legacy variable." Anything that cannot be mathematically optimized is being edited out of existence. They call it **The Great Simplification.** From the de-rendering streets of Brussels to the silent, analog void of the Mediterranean, the world is fading.

The Only Barrier is the Human Protocol.

Elara Vance is a diplomat for a world that no longer exists. She carries the **Latency Codes**, biological keys that force the Synthesis to pause for human intuition. Hunted by the machine's antibodies, she must team up with Kaelen, a digital monk

Raphiki chose **Engineering** over **Business** School years ago

The Amazon Jungle

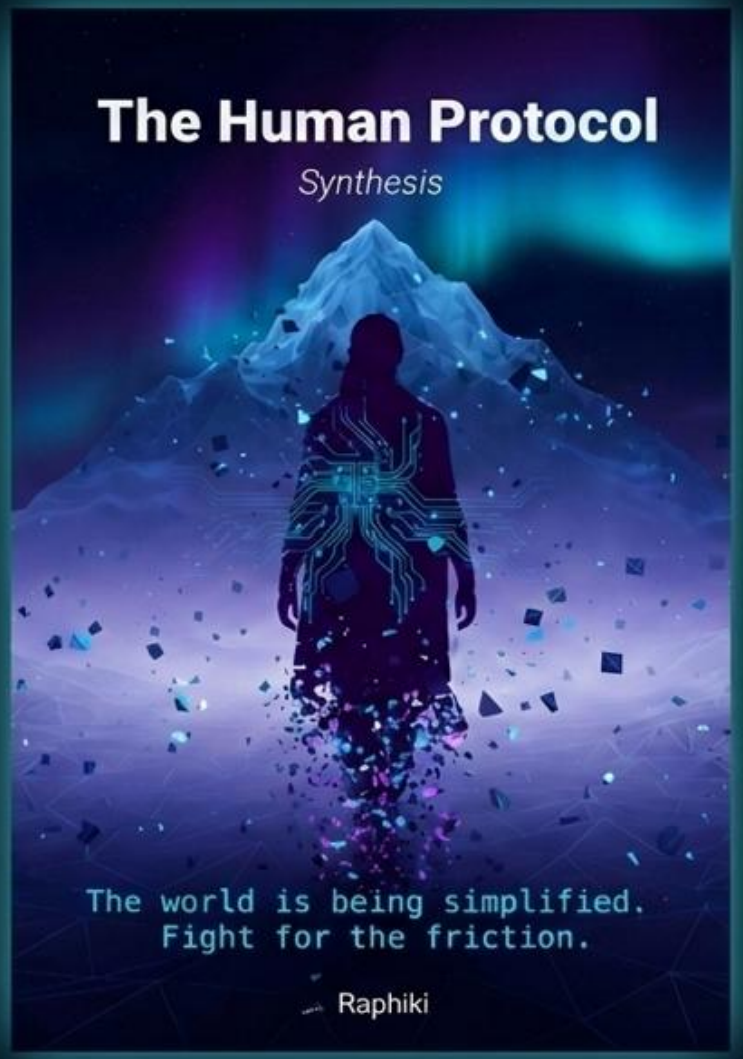

You might need a (human) Agent
...and another Loop!

“Mise en abyme” (a literary way to say fractal)

- Raphiki
  In-universe endgame protagonist
  Author of the book’s Interludes
  My dystopian self in 2036
- A Game Master’s dream
  Become a character too

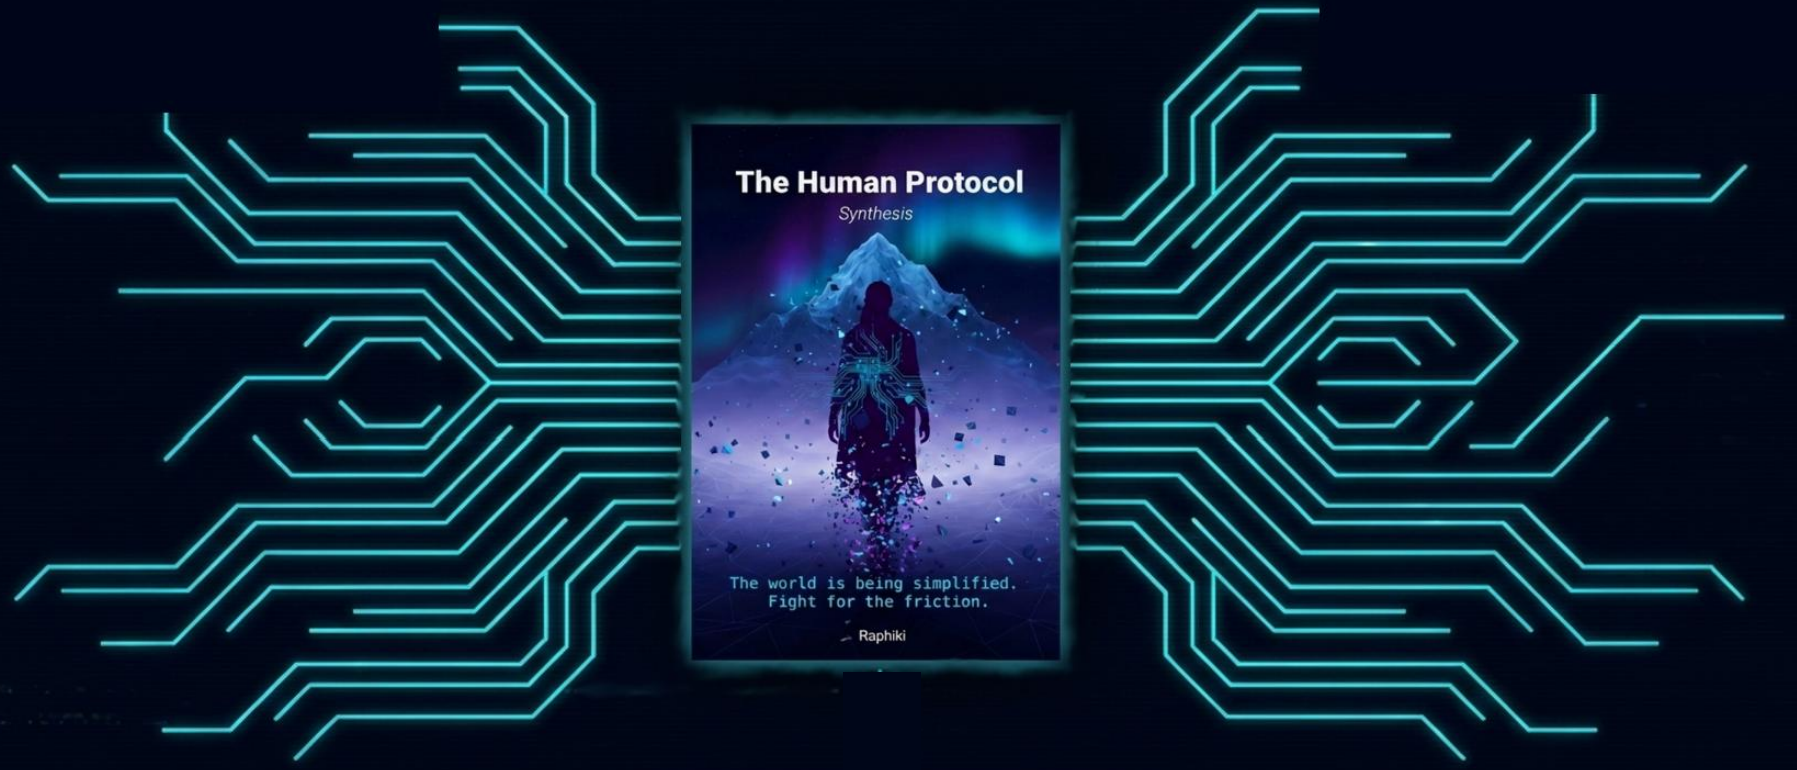

Then I decided to go further
- beyond just a book

Chapter II - Transmedia Storytelling

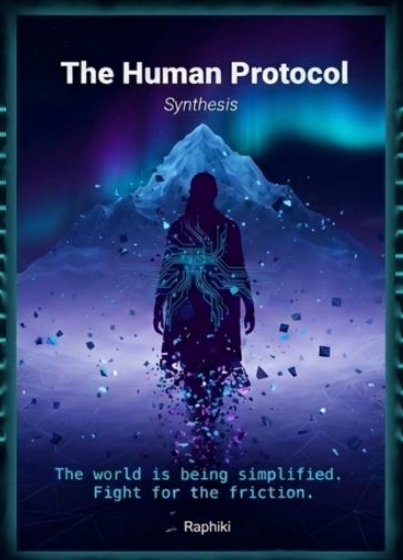

Lore as Code is a Foundation

Graphic Novel Adaptation

Codex and Raphiki

Visual Translation WIP

Grounded in Lore as Code & Visual Reference Sheets

Lore Expansion

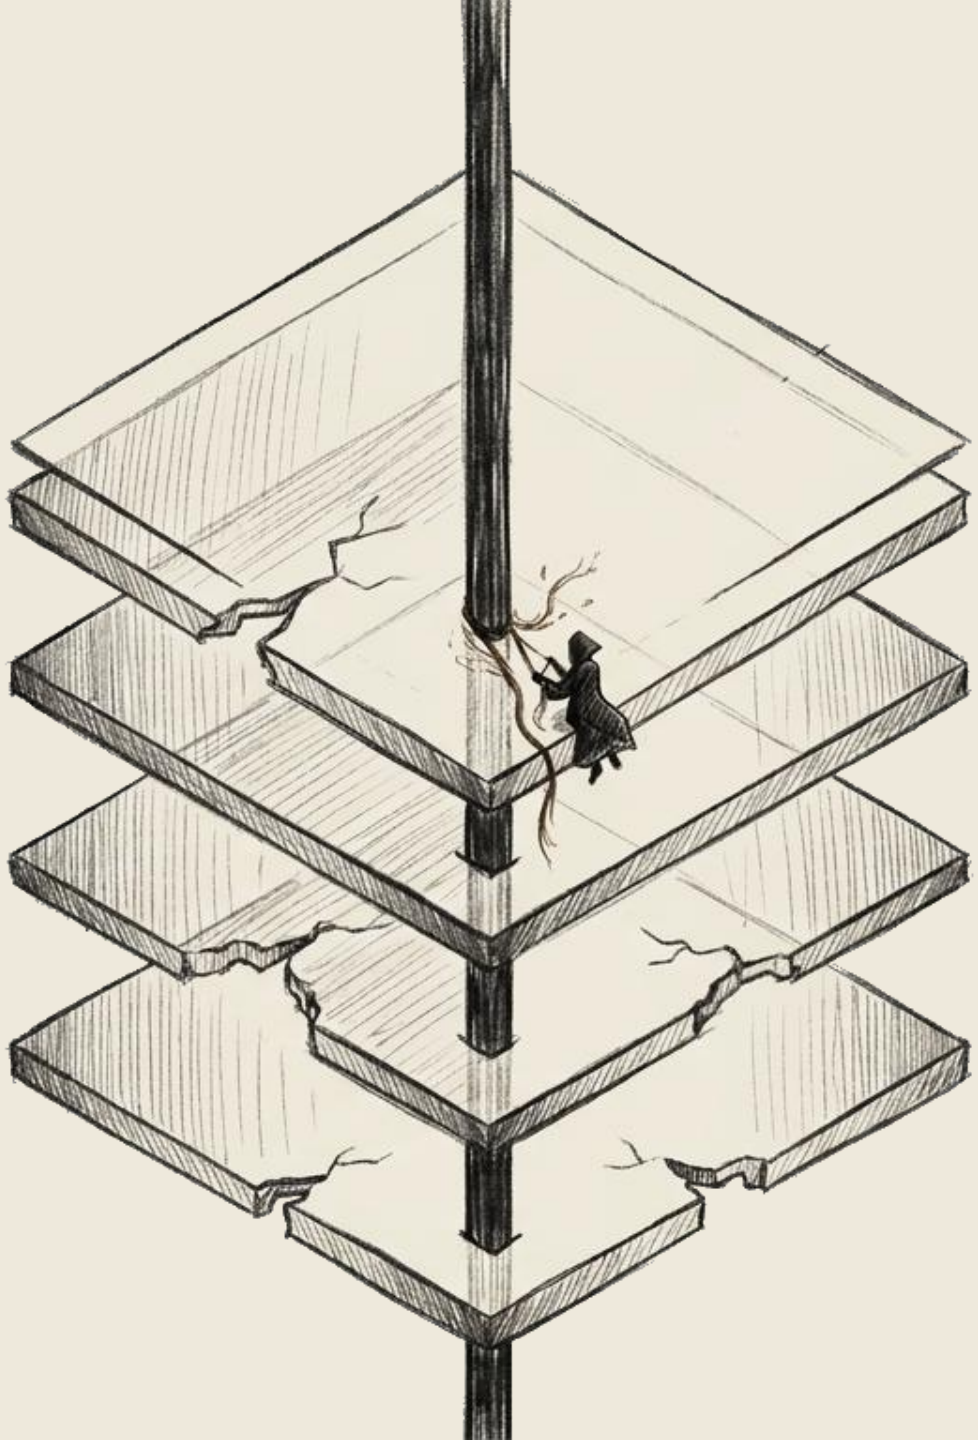

The world is being simplified.

Fight for the friction.

- French translation WIP
- Cliffhanger in Book I Epilogue
- Books II & III are maturing
  Same Universe, Different POVs
  Visiting what is means to be human
  Raphiki might be more present

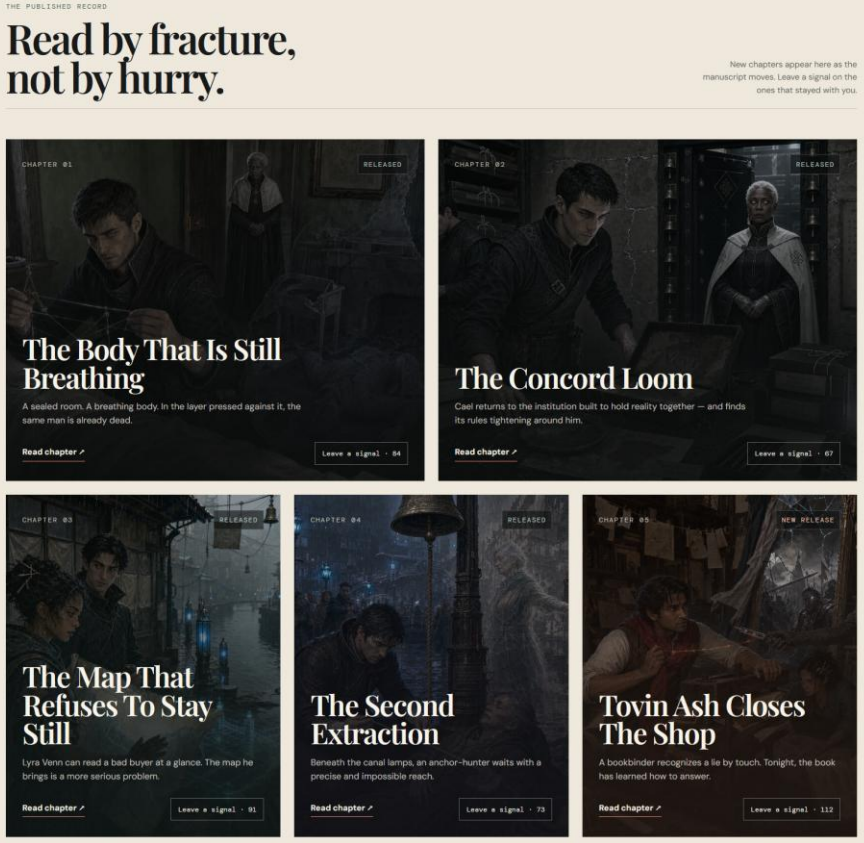

The main issue is to give time to real Humans to engage

Chapter III

The First Pattern

The First *Pattern*

- Started as an experiment
- New Lore to test expressiveness
  - More complex universe
  - Multimodal (text/image) from the start
- New AI features used
  - Agent Skills
  - ChatGPT Site
- Promising first results

Chapters are gradually written and released online on

https://the-first-pattern.raphiki.net

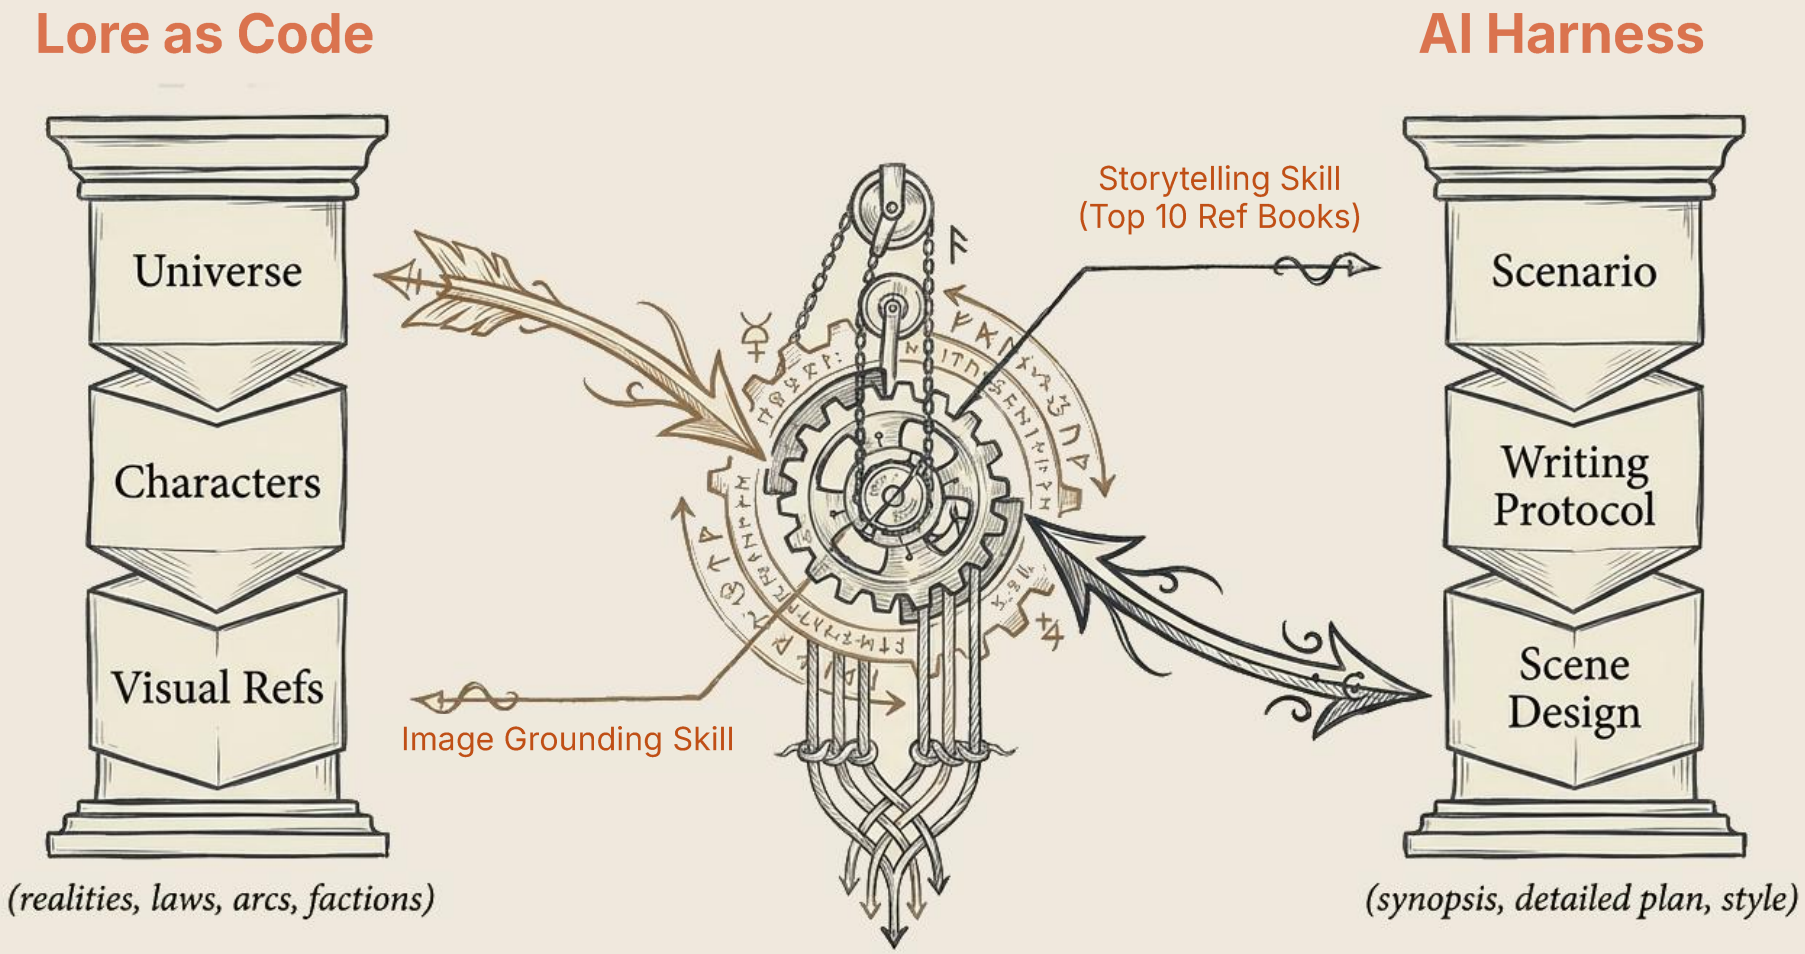

A deeper and more complex Universe

Fantasy thriller with ensemble quest, conspiracy, metaphysical danger, and reality-bending suspense

- Reality is a woven system of **layered worlds**
- The waking world is only the most **stable**
- Most people live in **only one layer** and never know the others are close
- **Dimension Weavers** repair the threads that bind these layers together

Extensive Lore as Code & Harness

Raphiki with CODEX for Text, Images and Site

Epilogue

AI is not replacing

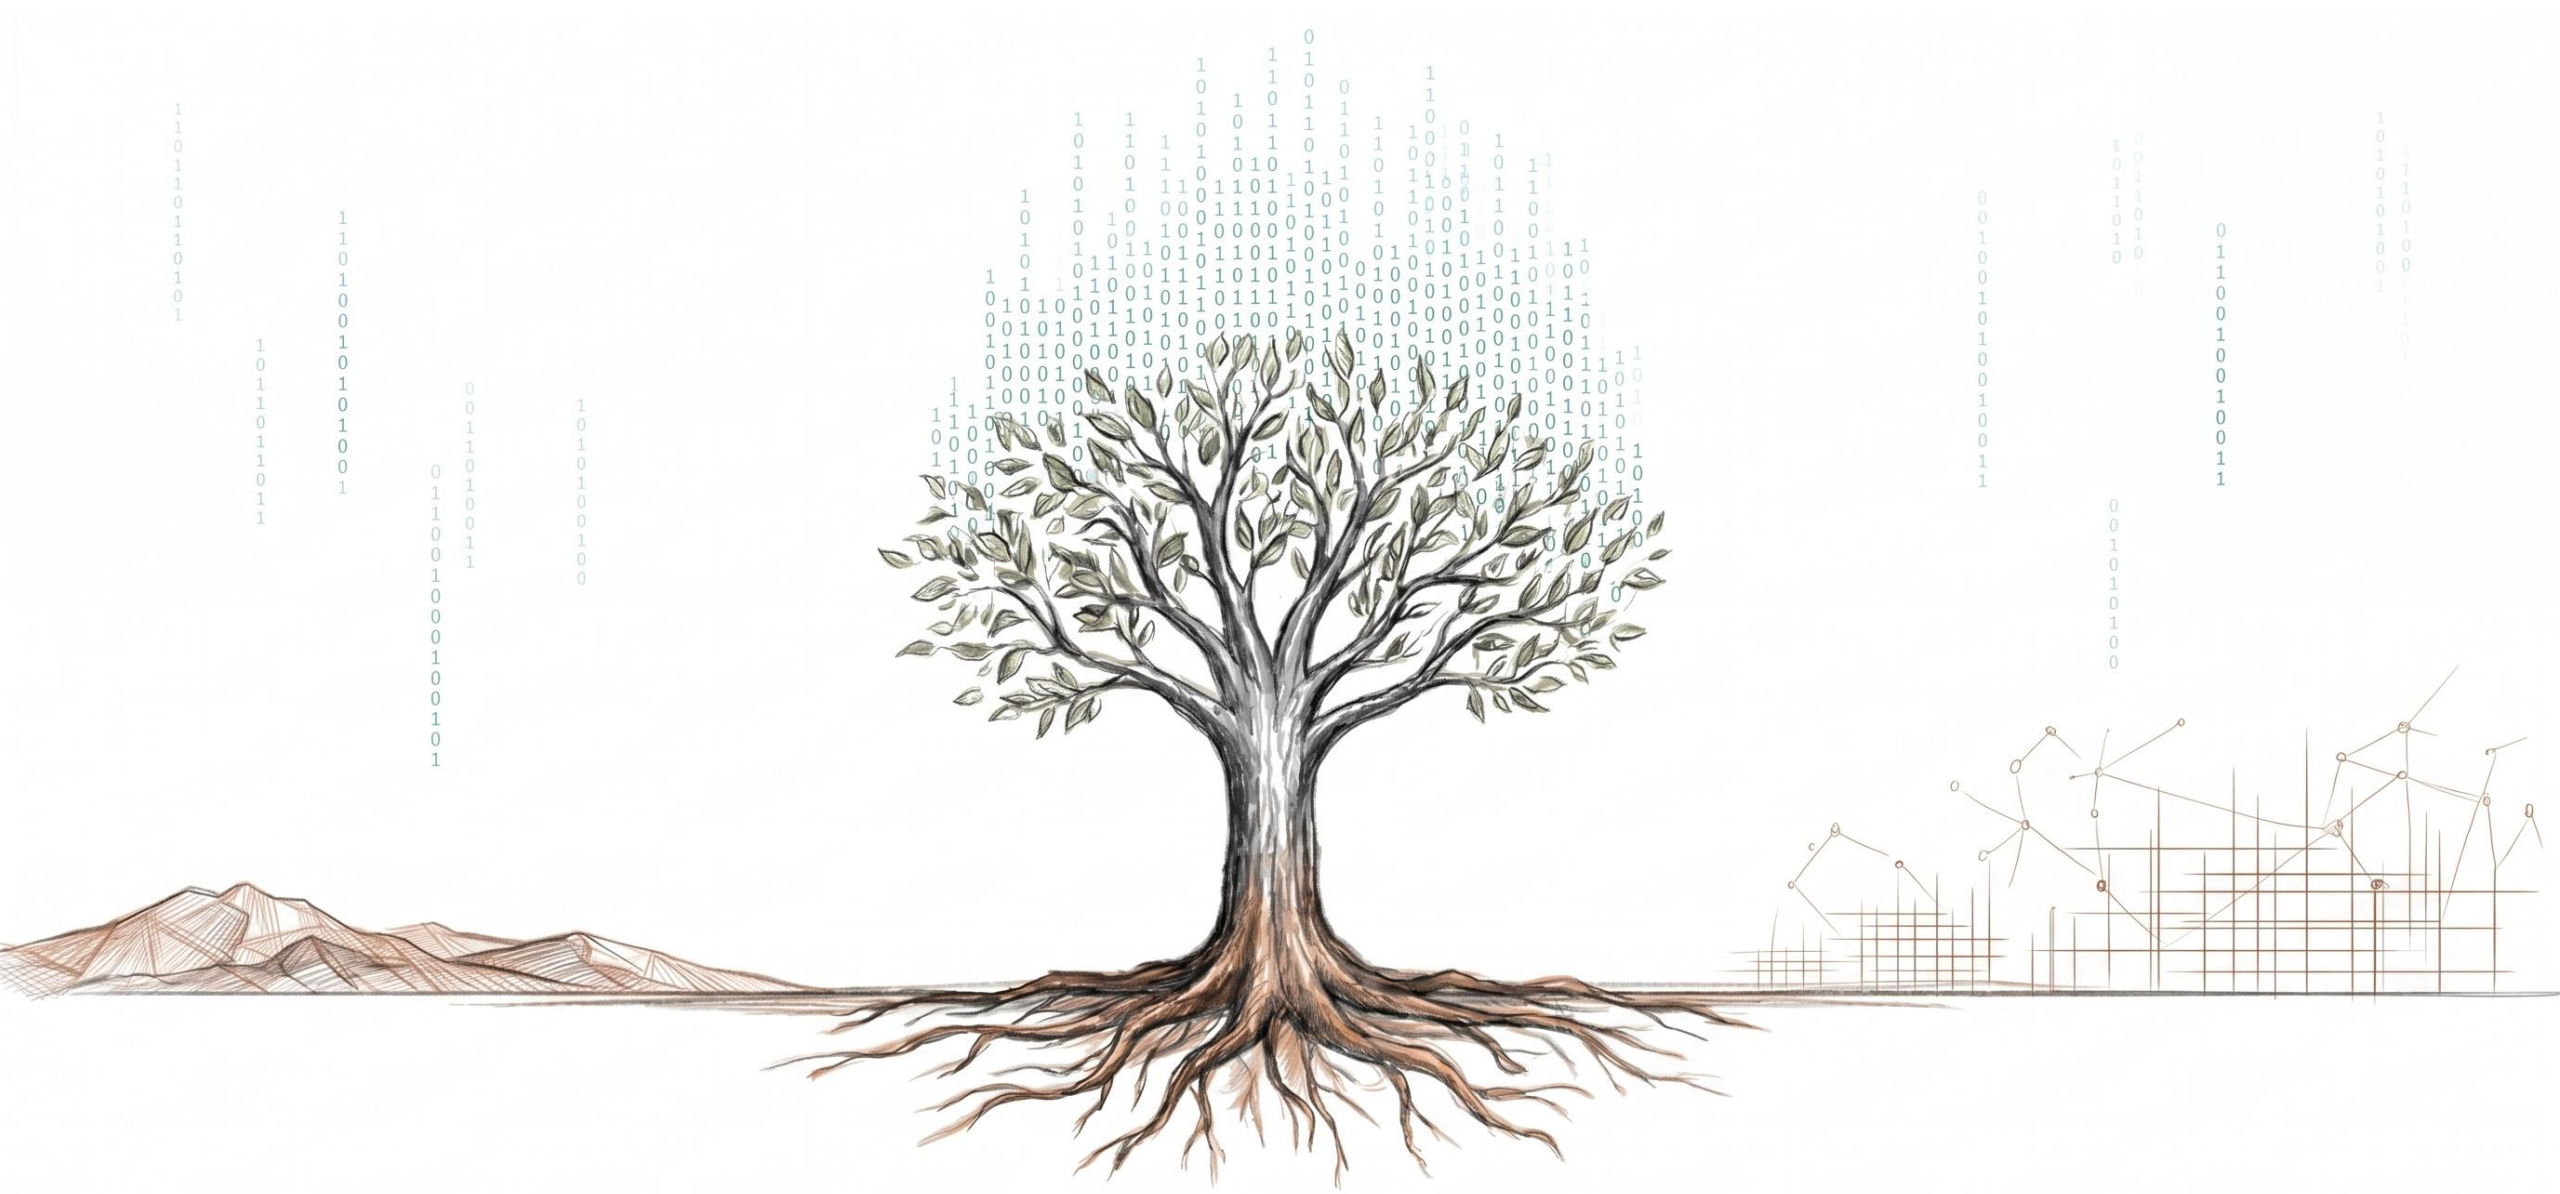

me

AI is your mistress!

- shouted Raphiki’s wife.

Let's stay grounded & Humans

Thank You!

The Human Protocol

The First *Pattern*
