SOVEREIGN ADMINISTRATION FRAMEWORK
ALIGNMENT · STEWARDSHIP · CONTINUITY
EUROPEAN COUNCIL
DIRECTORATE FOR SOVEREIGN ALIGNMENT
CONTINUITY · LEGITIMACY · STABILITY
We are receiving convergence signals from both architectures
Indeed, Market-Grid and Harmony-Loom are no longer competing
And without the Protocol…
sovereignty becomes throughput
HUMAN PROTOCOL
CLASSIFICATION: SUPERVISED
LEVEL 0 - EYES ONLY
Three seconds of delay… enough to remember I exist

Why not fully automated pipelines?

[Narrative Entropy Detected]

- Algorithmic standardization
- Smoothing of creative rough spots
- Hallucination generation
- Softening of Hard-SF

[Master Branch: Compliant]

- Reintroduction of human friction
- Strict philosophical curation
- Human-machine symbiosis
- Preserved narrative intention

> REQUIRED : HUMAN_IN_THE_LOOP

> The world is being simplified. Fight for the friction
